March 2008

Some hardened Minnesotans claim there are just two seasons in our fair state: Winter and Road Construction. In Ward 6 we are more optimistic and look forward to Spring's arrival on March 20 as well as the general construction season.

This month features some important meetings and exciting events.

March 13 3:00 p.m. Payne/Maryland Partnership Meeting @ Arlington Hills Lutheran Church - This project has many partners including: Merrick Community Services, Arlington Hills Lutheran Church, Parks & Recreation, the Public Library, Planning & Economic Development, and Public Works. We are working on creating a campus of buildings on the current Arlington Recreation Center site plus additional land surrounding it. More information on this important East Side project will be added in the future.

March 18 11:15 a.m. Cub Foods Groundbreaking Ceremony - This multi-million dollar private development, with well paying Union jobs, comes as a result of years of planning and effort from many people within our community, as well as strategic public investments from the City of Saint Paul, Ramsey County, the State of Minnesota and our federal government. I am pleased to see that, more and more, those in the private sector are beginning to understand the value in being a member of the community I love.

March 26 5:30 p.m. Town Hall Meeting hosted by the Mayor for the East Side at Metro State University - Come and bring friends, family, and neighbors to visit with your city officials, express your ideas and concerns, listen to plans underway for improving your neighborhoods and the city overall.

I look forward to seeing you at these important community gatherings and encourage you to contact me in person, by phone, e-mail, fax, or snail mail with any of your questions or concerns.

Respectfully yours,

Daniel B. Bostrom
