Saint Paul, MN 55102-1660

December 18, 2013

Dear Fairview-Bohland RSVP Property Owner:

Please join Saint Paul Public Works and the City Artists in Residence for an informal Open House to discuss the **Fairview-Bohland Residential Street Vitality Program project**. The open house will be held at

6:00-7:30pm, Wednesday, January 8, 2014

**Hillcrest Recreation Center
1978 Ford Parkway**

This is an opportunity for you to meet the RSVP Artist Team. They will show work from previous projects. They would also like to learn about your neighborhood and discuss possible approaches to the RSVP public art program for your project area.

The RSVP art program is made possible through the City of Saint Paul's 2009 Public Art Ordinance which dedicates 1% of the cost of eligible projects on City property to public art. The ordinance embraces the belief that aesthetic and social values should be given equal weight with a project's functional and economic values and that public art strengthens public places and promotes Saint Paul's identity as a livable and creative city and a desirable place to live, work and visit.

I will also be there to answer questions about the final design of the project.

Public Works encourages you to have your sanitary sewer service replaced as part of this project, especially if you received a letter telling you of problems we have identified with your connection to the sewer main. I will have the "request for sanitary sewer repair" forms at the meeting.

If you have questions that need to be addressed before the open house, please feel free to contact me at 651-266-6112.

Sincerely,
Barbara Mundahl, P.E.
Project Manager
