

Saint Paul Bikeways Plan

Open Houses

The City of Saint Paul has released a draft of a new citywide Bikeways Plan to guide the development of a safe, effective, and well-connected network of bicycle facilities to encourage and facilitate bicycle transportation. The primary objective of this plan is to designate corridors throughout the city for future development of bikeways. Your input is needed to improve the draft plan. You can download the draft plan and learn more about the project here:

www.stpaul.gov/bikeplan

Please attend one of the following Open Houses. A short presentation will be given at 6:15 p.m. on each date. The remainder of the time will be available for one-on-one discussion with staff and viewing of materials. The presentation and materials will be the same at each meeting.
