September 12, 2014

Dear Montreal Avenue Resident:

The **Montreal Avenue Construction Project (St. Paul Avenue to Snelling Avenue)** will be completed this fall. As a result of this project, you will have streets that are smoother, safer, and better lit. In coordination with this project, Xcel Energy, Saint Paul Regional Water Services, and other utility services have been upgraded and improved.

A Public Hearing before the City Council for the approval of the assessments for this project has been scheduled for October 1, 2014. You will receive a separate mailing informing you of this meeting.

A neighborhood meeting to answer questions about the assessment rates and construction project will be held at:

6:00 p.m. Wednesday, September 24, 2014
Hillcrest Recreation Center - Auditorium
1978 Ford Parkway

Representatives from the Department of Public Works Construction Division and the Real Estate Division will be at this meeting to answer your questions.

If you have any construction related questions prior to the meeting, you may call me at 651-266-6078. If you have any billing or assessment questions, please call 651-266-8858.

Thank you,

Tom Stadskev
Project Engineer
