Citywide Sewer Work: Central Ave and Oxford Street August 2024

Dear Saint Paul Resident:

The Saint Paul Public Works Sewer Utility is working with a contractor (Minger Construction) to repair a defective sanitary sewer at the intersection of Central Ave and Oxford Street. *See the map on the backside of this letter for details.*

The sewer repair work will begin the week of August 5th. Anticipate repairs (including surface restoration) will be completed within a four-week duration (as weather allows).

How this impacts you:

- The intersection of Central Ave and Oxford Street will be closed.
- No parking signs will be posted near the construction site. Please follow all posted signs.
- There will be no impacts to your sanitary sewer service.

What is the cost?

There is no cost to property owners for the sewer work.

Questions:

For questions about the sewer work, please contact Nathan Florek at 651-266-5708 or Nathan.Florek@ci.stpaul.mn.us.

Sincerely,

Aaron Hass, P.E.
Civil Engineer IV
