Budget Changes Summary

The 2025 Police General Fund budget changes include current service level adjustments related to inflation and the increased cost of employee salaries and benefits, as well as a reduction to budgeted revenue to reflect actual revenue collected. The Mayor's Proposed Budget includes several investments to the Saint Paul Police Department General Fund, intended to fund ongoing critical services and infrastructure such as body worn cameras, adjustments to increase cross-department partnership with Public Works related to parking enforcement, and the addition of 2.00 forensic scientist positions to move sworn officers to assignments working within the community, as well as funding the Police Academy and downtown safety.

The 2025 Police grants fund budget reflects current service level adjustments, as well as updates for new and ending grant funds, including the reduction of 2.00 FTE previously budgeted in the Criminal and Juvenile Mental Health Grant which will end prior to 2025. Changes to the Police Special Projects fund reflect current service level adjustments and a decrease of 3.00 FTE in the Emergency Call Center. In 2005, the City's Public Safety Answering Point / Dispatch Center merged with Ramsey County's through a joint powers agreement. The administration of the Emergency Call Center now resides with the County. As resignations or retirements of City staff occur, the positions are filled by County personnel, and the City budget shows a decline in FTEs and dollars associated with paying their salary and benefits within the fund. The Impound Lot budget reflects an increase of revenue and spending to reflect changes in forecasted revenue collections.

Public Safety Aid and Opioid Settlement: the Police Department budget is supplemented by ongoing funding which originated in the 2024 adopted budget by investments made from Public Safety Aid and the Opioid Settlement. The budget on this page does not reflect these investments. Please see the General Government Accounts section for additional information.
