

# ARTS & CRAFTS

## POWERFUL QUESTIONS

*Ask 1-2 questions before, during, and after your activity!*

Before an activity

- **What do you think we can do today to take care of and share our supplies?**
- **How will we keep our projects and spaces safe while we are working?**
- **What do you know about this type of art, project supplies, theme?**

During an activity

- **How is your project going?**
- **What do you like most about your project so far?**
- **How did you decide to create it this way (color choices, materials, focus matter)**
- **What do you need help with?**

After an activity

- **How did the project go?**
- **What are you most proud of?**
- **How did it feel to make this project?**
- **What might you do differently if we did this project again?**
- **What tips would you share with someone else who was going to do this project?**
