## 211: General Government Special Projects

## Planning and Economic Development

The Healthy Homes Saint Paul Pre-weatherization Program is administered in this fund. The goals of Healthy Homes Saint Paul are to repair homes of low- and moderate-income households that need basic life and safety improvements. These types of repairs enhance comfort, well-being, and safety while also reducing energy bills.

### Mayor's Proposed Changes

#### Healthy Homes project

Due to changes in the American Rescue Plan State and Local Fiscal Recovery Funds guidance around obligating funds, the City made the decision in 2024 to change the funding source for several projects formerly supported with ARP. To ensure that the projects and initiatives included in the Global Agreement between Mayor and Council on the use of ARP funds are completed as planned, the City created a new Special Fund for each former ARP project included in this change. These funds will continue to be spent according to the uses that were included in the Global Agreement, and all funds must be spent by 2026 in alignment with the original ARP guidelines. City staff will continue to collect quarterly and annual reporting from each project and provide corresponding reports to Council. The PED Special Fund budget includes the Healthy Homes project.
