- A. **PURPOSE:** Rezone from B2 community business to T2 traditional neighborhood
- B. **PARCEL SIZE:** 4,791 sq. ft.; (50 ft. x 95.8 ft); no alley
- C. **EXISTING LAND USE:** The subject property is currently vacant.
- D. **SURROUNDING LAND USE:**
 - North: Single-family residential in a commercial building (B2)
 - South: Single-family residential (RT1)
 - East: Single-family residential, retail, and other commercial (B2)
 - West: Office (B2)
- E. **ZONING CODE CITATION:** §61.801(b) provides for changes to the zoning of property initiated by the property owner.
- F. **HISTORY/DISCUSSION:** The subject property has been zoned B2 community business since 1975. There was a single-family structure on this property, which was demolished in 2002.
- G. **DISTRICT COUNCIL RECOMMENDATION:** District 6 provided a letter and does not object to the rezoning of this property.
- H. **FINDINGS:**
 1. The Saint Paul Housing and Redevelopment Authority is seeking to rezone this property from B2 community business to T2 traditional neighborhood to allow the development of a single-family house on this site.
 2. The proposed zoning is consistent with the way this area has developed. This area has developed as a mixed-use commercial node over time. Rezoning the subject property to T2 traditional neighborhood allows for mixed commercial-residential development that is more consistent with the historic development pattern than the B2 community business district. Between 1922 and 1975, along with all property along Front, this site was zoned "commercial," which allowed a mix of residential and commercial uses.
 3. The proposed zoning is consistent with the Comprehensive Plan. The Land Use Plan designates this area as an established neighborhood, which it describes as predominately residential with neighborhood-serving commercial at the intersection of arterials and collectors.

4. The proposed zoning is compatible with a mix of residential, commercial, and office uses. The existing land-use pattern at the intersection of Front and Farrington is mixed commercial and residential. Rezoning this parcel to T2 traditional neighborhood reinforces that established pattern by allowing a wide-range of residential and commercial uses.
 5. Court rulings have determined that “spot zoning” is illegal in Minnesota. Minnesota courts have stated that this term *“applies to zoning changes, typically limited to small plots of land, which establish a use classification inconsistent with the surrounding uses and create an island of nonconforming use within a larger zoned property.”* The application of the T2 traditional neighborhood district here is not spot zoning. This district allows most B2 uses, but also allows a wider range of residential uses that are not allowed in B2, including the proposed one-family house. As such, the T2 district is consistent with the zoning applied to the surrounding properties and provides for an appropriate transition between the more commercial node and the residential neighborhood.
- I. **STAFF RECOMMENDATION:** Based on the above findings, staff recommends approval of the rezoning of 952 Farrington Street from the B2 community business district to the T2 traditional neighborhood district.
